Briefly describe your business and key individuals

Scuba Professionals of Arizona is a family scuba and swim center.

Scuba Professionals of Arizona teaches very thorough courses from Beginners all the way up to an Instructor from two of the best Scuba Diving Certification Agencies in the world: SSI (Scuba Schools International) and ANDI (American Nitrox Divers International).

Our Instructors take the time to make sure that our students are comfortable with the necessary skills before progressing.

Our entire facility is custom-built with the most modern materials and equipment to provide a safe, comfortable environment for our students to learn scuba and swimming.

Our highly qualified and rewarded staff has over 500 years of experience of teaching scuba and swimming.

What is new in your business?

Scuba Professionals of Arizona is a brand new, high tech scuba and swim center with a state of the art custom built saltwater pool. The pool is equipped with an underwater camera and a counter current that allows realistic practice and training in a safe environment.

When and why did you join SACC Arizona?

We just joined the chamber as we are opening the business.

The reason is to be a part of SACCs business community from which we will gain exposure to local industry in the Metro Phoenix area.

What Chamber events have you attended?

Just joining. Have attended some events in the past in different capacity.

What do you see as the most valuable Chamber membership benefit?

Exposure and networking opportunities which will lead to business opportunities.
